

Aera with straight benches

Aera

Effortless elegance.
Tailored to your
space.

Introducing Auroom Aera, a new generation of outdoor saunas crafted for comfort, durability, and timeless appeal.

Aera is a beautifully crafted outdoor sauna that balances clean lines, natural textures, and intelligent design. Its brushed thermo-radiata pine exterior gives it a warm, textured look, while the waxed alder interior adds softness and sophistication.

Thoughtfully integrated LED lighting brings the space to life – highlighting the benches, backrest, and terrace with a calming, layered glow. With two layout options and an optional floor module, Aera adapts seamlessly to its setting while offering a distinctly elevated sauna experience.

Key features

Refined design with premium materials

A harmonious blend of brushed thermo-radiata pine and waxed alder for a warm, modern look that feels as good as it looks.

Ambient designer lighting

Integrated LED lighting behind the backrest, under the benches, and across the terrace adds depth and serenity to every moment.

Flexible layouts for comfort

Choose between two interior configurations, both featuring a three-level bench system designed for an elevated sauna experience.

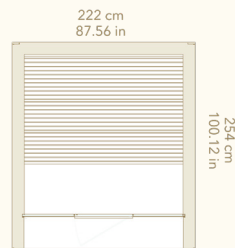

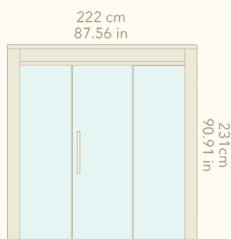

Auroom Core setup included

Comes standard with Auroom Core heater and UKU Glass control unit and thoughtful details like a black heat shield and engraved heater guard.

Modular design that adapts to your space

The base model comes without a floor and includes a durable aluminum base frame for easy installation. A separate terrace module is available as an optional add-on.
