Celto S

Celto S is the most compact model in the collection, designed for smaller outdoor spaces without compromising the sauna experience. Generous glass surfaces create an open and light-filled interior, while its efficient construction makes installation remarkably quick and straightforward. An effortless entry into the Celto collection.

Celto M

Celto M offers the same light, open character in a more spacious format. Its wider interior provides greater comfort and room to enjoy the sauna together, while the generous glazing keeps the design visually light and connected to its surroundings. Designed for quick assembly, Celto M combines everyday practicality with a more generous sauna experience.
